Product Synopsis:
Every run, ride, and rep powered by sound. ANC, Be Aware mode, and 35+ hours of sweatproof playtime built to keep up with you.

Headline options (USE FOR SIDE BY SIDE):

GO Sport ANC: Sound That Powers the Way You Play.

Web Paragraph (USE FOR SIDE BY SIDE):

GO Sport ANC earbuds are built for every run, ride, and rep. Lock into your workout with ANC or stay aware of your surroundings mid-run with Be Aware mode. Soft ear hooks move with you, and 35+ hours of playtime means you go the distance. Customize your sound through the JLab app and dial in exactly how you want to feel. Rain, sweat, or all-out effort. IP55 sweatproof means GO Sport ANC keeps up.

Features:

Long Battery Life Sound that keeps up. Enjoy 8.5+ hours of playtime per earbud and 35+ hours total with the slim charging case so you go the distance without missing a beat.

Noise Canceling Quiet Block out the world or stay tuned in to it. ANC On kills distractions. Be Aware mode lets outside sound in for outdoor runs. Enable Wind Noise Reduction in the JLab App to automatically filter out wind and stay locked in. Dial in all your settings through the JLab App.

Customize Your Sound Your workout, your sound. Control EQ, touch controls, noise canceling, Be Aware, JLab Spatial Audio, and a built-in workout timer through the JLab App. Available on App Store and Google Play.

Connect to Multiple Devices Stay connected without skipping a beat. Bluetooth Multipoint lets you hop from a podcast on your laptop to a call on your phone without missing a moment. Connect to two devices simultaneously and move between them seamlessly.

IP55 Sweat and Splashproof Built for every run, ride, and rep. GO Sport ANC is sweat and splashproof with an IP55 rating so it keeps up no matter where your workout takes you.

Clear Calls Two noise canceling mics make sure your voice cuts through whether you're mid-run or in a crowded gym. Every call comes through loud and clear.

Google Fast Pair + Microsoft Swift Pair Effortless pairing, every time. Google Fast Pair and Microsoft Swift Pair get you connected instantly with a single pop-up prompt on Android and Windows devices. GO Sport ANC connects with any Bluetooth enabled device.

Secure Sport Fit Soft, bendable ear hooks and three sets of gel ear tips keep you locked in through every workout. No adjusting, no slipping. Just sound.
