

SWIFT 65W

PD Wall Charger with GaN Technology

Key Selling Points

- **Advanced GaN Chips:** Advanced GaN chips enable higher power efficiency and faster charging speeds while maintaining compact device size. They also reduce heat generation, ensuring stable performance and longer product lifespan.
- **65W Fast Charging:** Provides powerful charging capacity, capable of supporting laptops, ultrabooks, and other high-demand electronics with ease.
- **High-Speed USB-C Port:** Single port design optimized for maximum speed and stability, ensuring devices charge quickly and safely.
- **Broad Device Support:** Compatible with a wide range of electronics, from smartphones to larger computing devices, making it a versatile solution for heavy users.
