

MagFusion Vista 10000

10000mAh Magnetic Wireless Charging Power Bank with Smart Display

Key Selling Points

- **Premium Metal Material:** Enclosed by metal, it is highly resistant to falling, wear, dirt, and high temperature, delivering extraordinary durability and protection. The metal enclosure also makes heat easy to dissipate, ensuring stable internal operation.
- **Ultra-Slim and Portable:** It is well crafted to be thinner and lighter, and fits perfectly in your pocket, purse, and bag, making it a terrific charging companion for you to carry anywhere.
- **Smart digital Display:** Clearly shows the remaining battery level, allowing you to monitor power status at a glance.
- **20W Wired & 15W Wireless Output:** This power bank offers you two flexible alternative methods to fast charge your phone and other devices. Wired or wireless, always keep your devices powered up.
- **Convenient Built-In Cable:** Built-in cable that provides on-the-go fast charging anytime and anywhere hassle-free.
- **Flexible foldable stand:** Built-in kickstand supports hands-free viewing while charging, perfect for watching videos or video calls.
