Multi-Mode Wireless Mouse

M750

M750 is an ergonomic multi-mode wireless mouse built for everyday comfort and long productive days. Its ergonomic shape, silent buttons, adjustable DPI and practical 7-button layout give you smooth control whether you work from home, in the office or on the go. Thanks to its mode wireless connectivity, and silent clicks, it helps you move faster between tasks while keeping your workspace calm and focused. To top it off, the battery can last for up to 12 months.

► Multi-mode wireless connection

Interference-free wireless options: Bluetooth 4.0, 5.0 and 2.4 GHz wireless ensure stable wireless transmission with up to 10 meters range and 360° coverage. You can still use your mouse regardless of USB port shortage or the loss of receiver.

► Switch between Bluetooth and 2.4 GHz wireless modes

Connect seamlessly: M750 automatically pairs the working device. It easily switches among modes. It simplifies complicated cross-platform maneuvers and meets multi-tasking requirements.

► Ergonomic design for comfortable control

Designed to support your hand naturally: the large ergonomic shape provides a comfortable grip for long working sessions and smooth everyday use.

► Silent clicks and adjustable DPI control

Quiet and precise: silent clicks reduce noise in shared workspaces, while the DPI adjustment from 800 to 2,400 DPI lets you adapt cursor speed to your task.
