UGREEN HiTune S3

Equipped with 2 directional microphones and an advanced algorithm for crystal-clear conversations anywhere

HiTune S3 intelligently isolates your voice from distracting ambient noise, guaranteeing flawless call quality even in bustling environment

Designed with an ergonomic clip-on structure and a flexible memory titanium wire

thanks to the ergonomic shape and the flexible memory titanium bracket, the earphones sit securely and comfortably without penetrating into the ear canal.

Powered by a custom 12mm PU and wool-paper composite diaphragm

these earbuds deliver striking bass and crystal-clear mids and highs. The intelligent acoustic algorithm dynamically optimizes audio performance based on fit, ensuring full-bodied sound in every note.
