

UGREEN

X865-95907B

Nexode Air Charger 65W USB-C

Features:

Ultra-Slim & Travel-Ready Design

Only 1.5cm thin with a compact, streamlined profile—easy to carry in pockets or slip into briefcases for effortless portability.

Fits Tight Spaces, Maximizes Outlet Access

Designed for narrow or hard-to-reach outlets—such as behind sofas, along desk edges, or in corners—so you can make full use of every power source.

Flexible Charging Direction

Keeps cables neatly aligned along walls or desktops, reducing clutter and minimizing tripping hazards.

65W Powerful Output for Multiple Devices

Delivers up to 65W of power, supporting smartphones, tablets, and laptops with ease.

GaN Technology for Efficient Fast Charging

Equipped with an advanced GaN chip for faster protocol handshakes and highly efficient power delivery.
