UGREEN FineTrack Slim G

Features:

Easy Setup with Find Hub

Simply download the Find Hub app on your Android phone to activate and manage your SlimG tracker, making setup fast, seamless, and user-friendly.

Nearby Search with Beep Alert

Tap the “Play Sound” button to make SlimG emit a clear alert tone, helping you quickly locate misplaced items around you without stress.

Smart Lost-Item Reminder

Receive a pop-up notification when your item is left behind, and tap “Get Directions” to instantly navigate to its last known location with ease.

Share Device for Easy Tracking

Use the “Share Device” feature to grant trusted family or friends access, allowing them to assist you in locating the item anytime.
