

UGREEN MagFlow Air Wireless Power Bank 10000mAh Qi2 15W

High-Quality battery cells for safety assurance

Adopts high-density lithium-ion cells from renowned brand ATL to provide solid charging safety.

Slim & Portable design

13.9mm ultra-slim aluminum alloy body, balancing durability and lightweight feel

Built-in cable enables convenient charging anytime, anywhere.

Multi-mode fast charging capability

USB-C port/cable supports bidirectional charging & discharging, with a max 30W PD wired output for high charging efficiency.

Qi 2 certified, supporting 15W magnetic wireless fast charging for wireless charging scenarios.

Wide compatibility

Supports both wired and wireless charging for greater portability.

Compatible with low-current devices and more low-power digital products.
