

UGREEN

PB580-65840B

5000mAh Magnetic Wireless Power Bank
(UltraThin Series) Starlight Blue

Features:

High-Quality Battery Cells for Enhanced Safety

Powered by high-density lithium-ion cells from leading brand ATL, ensuring reliable and safe charging performance.

Slim & Portable Design

An ultra-slim 8.6mm aluminum alloy body that balances durability with a lightweight, premium feel.

Multi-Mode Fast Charging

The USB-C port and cable support bidirectional charging and discharging, with up to 20W PD wired output for efficient power delivery.

Qi2-certified, delivering up to 15W magnetic wireless fast charging for seamless cable-free use.

Wide Compatibility

Supports both wired and wireless charging for maximum versatility on the go.

Compatible with low-current devices and a wide range of low-power digital products.
