

Color

SKU 65636,65636B,65637,
65637B,65638,65638B

Product Status	2026 Apr. Launch
Product Strategy	All Channel
Recommend Price	\$64.99

Efficient & Convenient

4*USB-C + 1*USB-A 5-port design, supporting simultaneous charging of 5 devices including mobile phones, tablets, and laptops.
Gallium Nitride chip, C1/C2 ports support up to 140W max for fast charging.

Wide Compatibility

Compatible with multiple protocols, enabling worry-free fast charging for Huawei, Apple, Android and other devices.
Widely compatible with low-current device charging.

Intelligent Power Distribution & Real-Time Display

Intelligent power distribution chip automatically allocates current, avoiding overcharging and overvoltage, and extending device battery life
HD display real-time shows power and interface status, making charging progress visible.

Safe & Durable

Shell made of V-0 grade fire-retardant material, protect your charging journey.
