UGREEN Maxidok 17-in-1 Thunderbolt™ 5 Docking Station

U716-85590

Features:

Ultimate 17-in-1 All-in-One Hub

Combines 17 essential functions in one flagship-grade Thunderbolt™ 5 dock, adding high-performance data, charging, display, storage, and networking capabilities for a cleaner, more capable workspace.

Wide Variety of Ports

Three USB-C and three USB-A ports all deliver transfer speeds up to 10Gbps each, while two of the USB-C ports provide up to 60W total PD charging for compatible devices.

SSD Expansion Up to 8TB

An integrated M.2 SSD slot adds high-speed local storage for large files, backups, and creative projects without the need for separate external drives.

2.5G High-Speed Ethernet

Faster, more reliable wired networking for large transfers and low-latency cloud collaboration.

SD/microSD Card Readers

Built-in slots provide quick access to photos and videos for faster imports and edits.

Ultra-Fast Thunderbolt™ 5 Transfers

Move files at up to 120Gbps, accelerating your workflows to a whole new level.

8K Ultra HD Video Output

Thunderbolt™ 5 and DisplayPort 2.1 ports support outputs up to 8K@60Hz for sharp detail and ultra-smooth visuals on high-resolution displays.

Up to 240W Total Power

Keeps your laptop and all connected devices fully charged for uninterrupted productivity.

Advanced Multi-Display Support

Supports multiple extended displays on macOS and Windows for smoother multitasking and multi-screen workflows.
