USPs

- Multiroom speaker with an app powered by Linkplay.
- 6 preset buttons
- Removable fabric front

LONG DESCRIPTION

A heavyweight champion of multiroom HiFi performance. Still compact and easy to place, but this speaker packs a real punch. C10 MkII W offers multiroom listening via an app based on Linkplay's latest technology, as well as the option of Google Cast, AirPlay 2, Spotify Connect and Tidal Connect, and an even greater sound than its predecessor C10 MkII.

The speaker delivers a rich and full bodied HiFi experience, with powerful and heavy bass to get the party started. The loudspeaker firmware together with the new Audio Pro app, both powered by Linkplay, offer EQ and Wi-Fi timing synchronization, and access to a wide range of streaming services. Both will be updated regularly, the app via your mobile device's app store, while firmware updates are managed automatically over-the-air, directly by the speaker.

The removable fabric front lets you decide which appearance suits your room the best. Easy attachment with invisible magnets lets you choose the design in the blink of an eye. The C10 MkII W comes in 3 different stylish colours; black, white and grey and features the Scandinavian, minimalistic design Audio Pro is known for.

6 presets give you easy access to your favourite playlists and radio stations. Simply store your lists and stations to these convenient buttons. No need to use the app, just push and play.

Streaming services available: Amazon Music, Deezer, iHeart Radio, Napster, Qobuz, QQ Music, Spotify, Tidal, TuneIn, VTuner and many more via Google Cast and AirPlay 2.

THE W-GENERATION

This product is part of the new W-generation of Audio Pro products, which means you get even better sound, a new user-friendly app and a refined and harmonized design. Our new app is based on Linkplay's latest technology, and offers an EQ, new streaming services and many more appealing features.
