USPs

- Protected against light rain
- Multiroom speaker with an app powered by Linkplay.
- Battery lasting up to 19 hours

LONG DESCRIPTION

The A15 W is perfect when you need a speaker that works as well outdoors as indoors. It has an IP rating of IPX2, which means that the speaker can withstand water from light rain. The outdoor use is also supported by a battery that will last up to 19 hours.

A15 W is a multiroom speaker with firmware and app that uses the latest Linkplay technology, which gives you access to EQ and WiFi timing synchronization, a large number of streaming services, and regular updates (the app via your mobile device's app store, while firmware updates are managed automatically over-the-air, directly by the speaker). The A15 W offers also the flexibility to be used in conjunction with AirPlay2, Google Cast. And do not let the small footprint mislead you, the sound is far greater than it looks.

The speaker has a contemporary design with rounded edges, mesh fabric in three optional colours and an integrated handle that is part of the bass reflex port, which makes it very smooth looking and flush with the surface. No fuss or frills, only minimalistic design. 6 preset buttons at the top of the speaker will let you easily access your favourite radio channel, Spotify list or other personal choice of yours, by a simple push of a button. The speaker supports both WiFi and Bluetooth, so you do not have to worry if there is no WiFi available.

Streaming services available: Amazon Music, BBC Radio, Calm Radio, Deezer, Hotmix, iHeart Radio, KK-BOX, Napster, Open Network Stream, Pandora, Plex, Qobuz, Radio Paradise, SoundCloud, SoundMachine, Spotify, Soundtrack Your Brand, TIDAL, TuneIn, VTuner via Google Cast and AirPlay 2.

THE W-GENERATION

This product is part of the new W-generation of Audio Pro products, which means you get even better sound, a new user-friendly app and a refined and harmonized design. Our new app is based on Linkplay's latest technology, and offers an EQ, new streaming services and many more appealing features.
