SOUND OF SCANDINAVIA

Audio Pro A10 MkII W WiFi Wireless Multiroom Speaker - AirPlay2 - Google Cast - Spotify Connect - Bluetooth - HiFi - Powered by Linkplay.

COLOURS: BLACK, LIGHT GREY, DARK GREY

Tiny tube, mighty sound.

SHORT DESCRIPTION

A small and round multiroom speaker with fabric front that makes a space savvy addition to the smaller room. The speaker has an astonishing sound, despite its compact size, due to unconventional use of a dedicated woofer and its BMR technique. This wireless speaker uses an app powered by Linkplay.

USPs

- Multiroom speaker with an app powered by Linkplay.
- Compact, wireless speaker that sounds larger than it looks
- Wall- or ceiling-mountable

LONG DESCRIPTION

A multiroom speaker with a modest footprint and rounded design, that makes a space savvy addition to the smaller room. The fabric front perfectly complements modern interior design trends with the choice of light grey, dark grey and black, allowing a complete colour match for your home.

The speaker has an astonishing sound, despite its compact size. The unconventional use of a dedicated woofer, and the BMR technology, makes it possible to get both deep bass as well as clear details in your highs and midrange. The A10 MkII W is the new and improved version of A10 MkII - a wireless, multiroom speaker with an app based on Linkplay's latest technology, as well as the option of Google Cast, AirPlay 2, Spotify Connect and Tidal Connect, and an even greater sound than its predecessor.

The loudspeaker firmware together with the new Audio Pro app, both powered by Linkplay, offer EQ, Wi-Fi timing synchronization, and access to a wide range of streaming services. Both will be updated regularly, the app via your mobile device's app store, while firmware updates are managed automatically over-the-air, directly by the speaker.

4 preset buttons give you easy access to your favourite playlists and radio channels. Simply press the button, no need to even open the app. This speaker can be mounted on the wall, by special wall mounting brackets (sold separately) or easily attached to ceiling-mounted electrical lighting tracks using special brackets (sold separately).

Streaming services available: Amazon Music, BBC Radio, Calm Radio, Deezer, Hotmix, iHeart Radio, KK-BOX, Napster, Open Network Stream, Pandora, Plex, Qobuz, Radio Paradise, SoundCloud, SoundMachine, Spotify, Soundtrack Your Brand, TIDAL, TuneIn, VTuner via Google Cast and AirPlay 2.

THE W-GENERATION

This product is part of the new W-generation of Audio Pro products, which means you get even better sound, a new user-friendly app and a refined and harmonized design. Our new app is based on Linkplay's latest technology, and offers an EQ, new streaming services and many more appealing features.
