

ED008- 40574

USB-C 3.1 Extension Cable (5Gbps)

Features:

Super Speed Charging and Syncing:

Support fast charging at MAX 20V 3A current and 5Gbps data transfer.

Support 4K Video and Audio Transfer:

Support up to 3840*2160 60HZ 4K video signal transferring for the connection between your laptop to another monitor.

Extensive Compatibility:

It works perfectly for iMac Pro, Apple MacBook 2017, Google Chromebook Pixel, Samsung Galaxy S8 S8 Plus, Huawei Matebook, Dell XPS 13 15, etc.

Specification:

***Input:** USB-C 3.1 Gen 1 Male

***Output:** USB-C 3.1 Gen 1 Female

***Function:** Data transmission+ charging+ Audio&video

*USB3.1 Gen 1 standard, 5Gbps (400MB/s)

*Support Thunderbolt3

*3A faster charging (Support PD60W)

*Total length(include extension cable) ≤2M

*Transmit audio and video simultaneously

*Built-in Active IC, Support 4K (3840*2160/60Hz) high resolution
