

MagFusion 2X

2-in-1 Magnetic Wireless Charger

Key Selling Points

- **Qi2.2 Certified 25W Fast Charging:** Certified by the very latest Qi2.2 protocol, it delivers an unprecedented wireless standard of 25W, ensuring your phones are powered up at the next-level lightning-fast speed. Significantly, the adoption of Qi2.2 makes it one of the pioneers in the cutting-edge wireless charging technology.
- **Simultaneous Charging For 2 Devices:** Designed with 2 wireless charging plates, it is so powerful as to provide wireless charging for 2 phones or earbuds at the same time, eliminating extra cables and simplifying your charging pattern.
- **Strong Magnetic Force:** Strong magnets are adopted inside the wireless charging modules, which ensure your devices always remain connected and never fall off.
