

MagFusion M 10000

10000mAh Qi2 Magnetic Wireless Charging Power Bank

Key Selling Points

- **Premium Metal Material:** Enclosed by metal, it is highly resistant to falling, wear, dirt, and high temperature, delivering extraordinary durability and protection. The metal enclosure also makes heat easy to dissipate, ensuring stable internal operation.
- **Ultra-Slim and Portable:** It is well crafted to be thinner and lighter, and fits perfectly in your pocket, purse, and bag, making it a terrific charging companion for you to carry anywhere.
- **Qi2 Certified:** Certified by Qi2, it is compatible with your Qi2-supported devices, and provides a faster and safer charging experience.
- **20W Wired & 15W Wireless Output:** This power bank offers you two flexible alternative methods to fast charge your phone and other devices. Wired or wireless, always keep your devices powered up.
- **Strong Magnetic Attraction:** Ensure your phone stays attached and connected to the power bank all the time.
