

UGREEN

20000mAh magnetic wireless charging power bank with built-in cable

PB769-75066

Features:

Qi2 25W-certified & MagSafe-compatible

Supports MPP protocol; delivers up to 25W magnetic wireless charging for iPhone 16 and newer (15W max for iPhone 12–15)

Dual Charging Modes & Bidirectional Fast Charging

Supports both wired and wireless charging for flexible, convenient power delivery; built-in USB-C cable supports up to 65W input/100W output and USB-C port supports up to 65W input/output, enabling faster and more portable charging; also supports Apple’s full device family, including MacBook, iPad, iPhone, AirPods, and more

Strong & Precise Magnetic Attachment

Built with N52 magnets matching Apple’s standard; heat-resistant with up to 7N magnetic force for reliable snap & charge

Airline-approved & Safe Charging

Features a flight-safe high-capacity battery with built-in multiple protections against overcurrent, overvoltage, and short circuits, making it ideal for safe charging

Specification:

Battery Capacity:	20000mAh (5000mAh * 4 Pcs)
Battery Rated Energy:	72Wh (14.4V 5000mAh)
USB-C Cable/USB-C1 input:	5V==3A/9V==3A/12V==3A/15V==3A/20V==3.25A 65W Max
USB-C cable output:	10V==2.25A/5V==3A/9V==3A/12V==3A/15V==3A/20V==5A 100W Max
USB-C1 output:	10V==2.25A/5V==3A/9V==3A/12V==3A/15V==3A/20V==3.25A 65W Max
USB-A output:	5V==2A
Magnetic Wireless Charging Output:	25W Max
Airpods Wireless Charging Output:	5W Max
Total Output:	5V==8A/9V==6A/12V==5.5A/15V==5A/20V==4.75A
Display:	Digital display
Charging Time:	About 2 hours
