Multi-mode Wireless Mechanical Keyboard

Ralemo Pre5

Ralemo Pre 5 combines premium materials and a modern design with a cool vintage style. This wireless keyboard will not only draw attention to your setup but also boasts multiple premium features. Mechanical keys ensure maximum typing comfort and superior key accuracy thanks to the full conflict-free design. Ralemo Pre 5 features Rapoo's multi-mode wireless connection— via reliable 2.4GHz wireless transmission, Bluetooth 3.0 and 5.0 –

enabling you to connect simultaneously to multiple devices and change (pair automatically) among them. In case you still prefer using your keyboard the old-school way, it also supports wired mode. The multimedia hotkeys and adjustable LED backlight complete the convenience of this one-of-a-kind keyboard. To make it even better, it also features a rechargeable battery so you can enjoy wireless freedom without having to replace batteries.

► Multi-mode wireless connection

Interference-free wireless options: The smart switch between Bluetooth 3.0, 5.0 and 2.4 GHz ensures stable wireless transmission with up to 10 meters range and 360° coverage. You can still use your keyboard regardless of USB port shortage or the loss of receiver.

► Instant switch among multiple connected devices in one click (Automatic pairing)

Connect to all your devices: Ralemo Pre 5 automatically pairs the working device. It simultaneously connects to multiple devices, and easily switches among them in a click of a button. It simplifies activities across devices and meets multi-tasking requirements.

► Mechanical keys

Maximum typing comfort even with long texts: The mechanical keys are designed to offer maximum typing comfort at all times and have a lifespan of up to 50 million operations.

► Eco-friendly rechargeable battery

No more replacing batteries: thanks to the built-in eco-friendly lithium battery, you can enjoy complete wireless freedom without replacing batteries.
