Upgrade your workspace with the UCK-6001 ultra-slim keyboard featuring 8-in-1 USB-C multiport hub – sleek design, versatility, and productivity all in one product. Crafted with precision, this keyboard and multiport hub combo is designed to simplify your work and maximize your connectivity.

Boasting an ultra-slim and compact design, the UCK-6001 not only saves space but also adds a touch of sophistication to your setup. The aluminium base and scissor key structure offer both style and functionality, making it a perfect match for your modern workspace.

This 8-in-1 solution is a powerhouse, allowing you to connect to 7 devices with ease. With a 100W USB-C Power Delivery feature, you can fast charge your USB-C host device while staying productive.

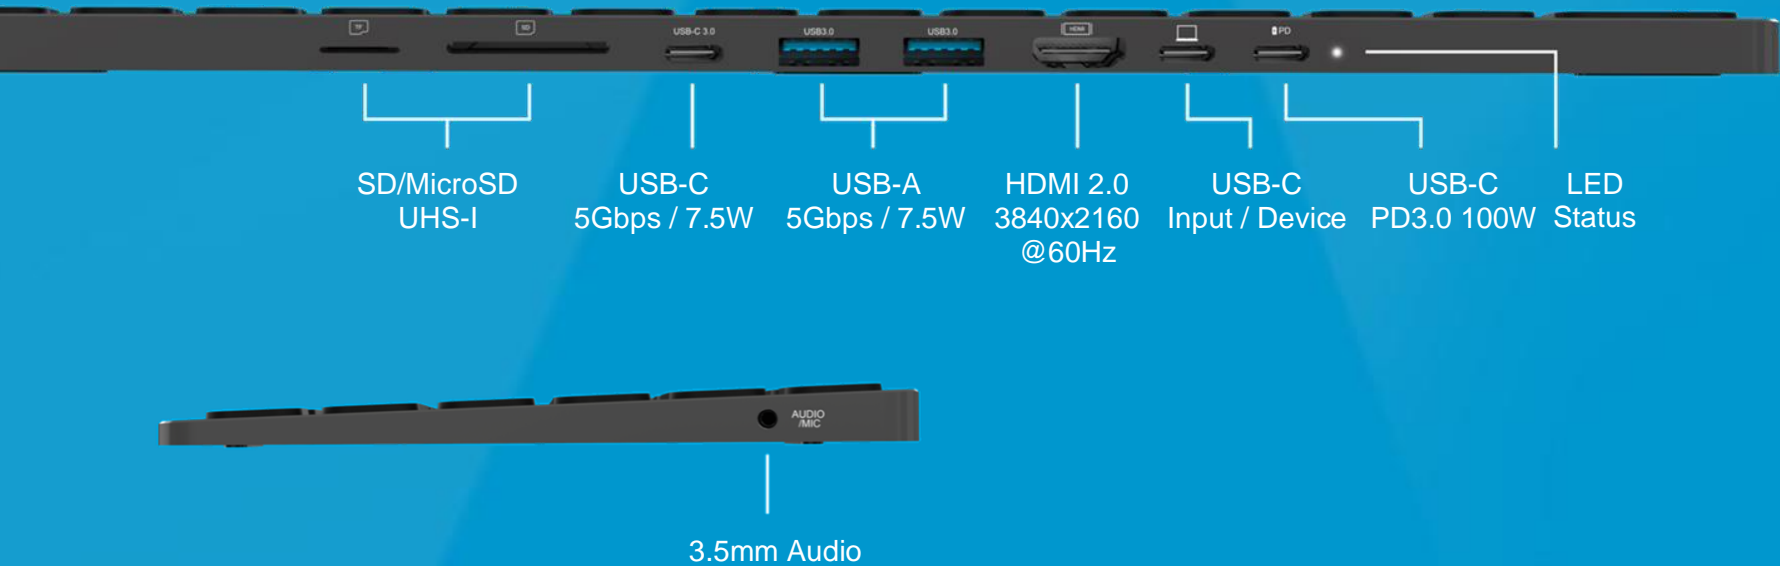

Enjoy crystal clear 4K@60Hz Ultra HD video and audio with the UCK-6001. Whether you're working on a presentation, watching a movie, or connecting to a projector, the visual and audio quality will be top-notch.

Stay connected to your music with the 3.5mm audio device connection and connect to 2 USB-A devices or 1 USB-C device to your USB-C host, such as your notebook, tablet, or smartphone.

The UCK-6001 also offers an HDMI port for seamless connection to displays and projectors. Need to access SD and MicroSD cards? No problem. This multiport hub has built-in card reader slots for your convenience.

With its user-friendly Plug & Play setup, it's compatible with all major operating systems. No additional drivers or software are required. Simply plug in the USB-C cable, and you're good to go.

Experience a new level of productivity, style, and connectivity with the UCK-6001 Ultra-slim Keyboard and 8-in-1 USB-C Multiport Hub. Upgrade your workspace and streamline your work like never before!
