

# X703-35006

Nexode Pro 30W PD GaN Tech Charger

## Features:

### Universal Fast Charging Compatibility:

Supports a range of fast charging protocols including PD3.0, QC4+, PPS, APPLE 5V2.4A, and BC1.2, ensuring broad compatibility with most smart devices on the market. Intelligent power output adjustment for optimal charging efficiency.

### Intelligent Safe Charging:

Built-in intelligent chip matches current to your device's requirements automatically, guaranteeing safe and efficient charging.

### Compact and Portable:

Small and lightweight design for easy portability, perfect for carrying with you wherever you go without taking up much space.

## Specification:

\*Input: 100-240V~50/60Hz 800mA Max

\*Output: 5V/3A 9V/3A 12V/2.5A 15V/2A  
20V/1.5A 3.3-11.0V=2.7A

\*Total Output Power: 30W Max

\*Compatible with: PD3.0 (PD2.0)、QC4.0+  
(QC4.0/QC3.0/QC2.0)、FCP/SCP/AFC/PPS、  
BC1.2--5V1.5A
